

Electricity

TURKEY MAGAZINE

We Continue to be
Voice of the Electricity Sector

2020

MEDIA DATA

About Us...

The monthly international ELECTRICITY TURKEY Magazine is published in English and Turkish about the electric, Automation, Energy and Lighting sectors.

Our publication policy is to help those who are open to sectoral developments and innovations in the world, who want to increase their efficiency and renew their technology, with company and product introductions. High level and technical managers, engineers, technical personnel in private / public institutions, project engineers and readers interested in these fields are targeted and are delivered to the representatives of the sector for this purpose.

The printed version of our publication is delivered free of charge to the company and its professional readers and is also sent to the wider audience via social media (linkedin+twitter+facebook) and e-magazine format via mass mail. Our number of registered members in domestic and foreign social media is over 10,000 and mailing is done to mail data.

We will continue to represent our advertisers by attending domestic and international fairs in 2020.

We participate as a press partner of important fairs taking place in countries such as Dubai, Germany, Egypt, Russia, Morocco, Algeria, Ghana, Etiopia, Dubai, Ukraine.

Our magazines, which were uploaded to the events months ago, are delivered to thousands of professional sector representatives.

CONTENTS

Electric

Energy

Lighting

Machinery

Automation

Articles

Interviews

2020 EDITORIAL CALENDER

JANUARY

Electrical Energy Storage
Energy Efficiency
Energy and building automation
Seer Algeria 2020

APRIL

Panels/Power Control Centres
Earthing Systems
Elevators and Equipments
Hannover Messe 2020

FEBRUARY

Grid digitilazation
Micro Grids
Off-grid solutions
Middle East Electricity 2020

MAY

Measuring and testing equipment
Energy and mobility solutions for Industrial plant
Contactors/Digital Panalmeters
Cwieme Berlin 2020

MARCH

Integrated energy systems
Measuring and testing equipment
Renewable Energy Sources
Win Eurasia 2020

JUNE

Connecting technology
Energy Management and Monitoring
Energy and mobility solutions for commercial zones
Asean M & E Show, Malesia 2020

2020 EDITORIAL CALENDER

JULY

Electrical Power Management-UPS
Elevator and Equipments
Energy and mobility solutions for large infrastructures

OCTOBER

Connecting technology
Panels/Transformer
DIGITALISATION IN ENERGY
Elec Expo Morocco 2020

AUGUST

Electrical mobility and charging infrastructure
Electrical Power Management-Generators
Digital Transformation of Energy Infrastructure
Powerelec Ghana 2020

NOVEMBER

Cable and Accessories
Fire-Proof Cables, Their tests and CPR
Building Automation
Electricx Egypt 2020

SEPTEMBER

Digital Transformation Effect in Future Projects
ELECTRICAL ENERGY STORAGE
Led Technologies/Lighting and Accessories
Coiltech 2020 Italy

DECEMBER

Relay / Electrical Enclosures
Energy Efficiency
Power-to-X
